No. 02-2-0012c

ORDER GRANTING
MOTION FOR
RECONSIDERATION

On December 30, 2002, we issued the Final Decision and Order and Compliance Order (FDO/CO) for consolidated case 02-2-0012c. On January 10, 2003, we received Skagit County's Motion for Reconsideration. We received no response or comment on this motion from the other parties. In its motion, the County pointed out several scrivener errors in the FDO/CO.

In response to the County's motion, we make the following changes to the FDO/CO:

1. Page 21, line 9 – "August 9, 2002" should read "August 9, 2000."
2. Page 27, line 21 – Delete reference to proposed Exhibit 001.
3. Page 27 – The section on additions to the record should reflect that the Tribe's proposed Exhibits 547 and 004 were withdrawn. The Tribe's proposed Exhibit 004 was part of the County proposed Exhibit 001 which was added to the record. The County's proposed Exhibit 004 ("Public Works Report on CREP Enrollments") was admitted.

4. Attachment A should have been the County's Work Plan as referenced on page 31, line 9. Due to clerical error, the wrong document was attached as Attachment A. The proper Attachment A is affixed to this Order on Reconsideration.

So ORDERED this 22nd day of January 2003.
